The Differences between the Private and Public Banking Models
The flow of money when you pay taxes: the Private Banking Model

The Big Banks Invest in Big Corporations in
- Armaments & War
- Fossil Fuels
- Big Pharma
- City, County, and State 3P Projects
- Derivatives
- Speculation
- Asset Bubbles
The flow of money when you pay taxes: the Public Banking Model

- **Deposits** to the Public Bank
- **Credit Creation**
- **Loan** (No or Low Interest) to Community Homes and Businesses
- **Issue a Loan** from City Owned Public Bank
- **More Wealth** through Community Development
- **Taxes + Fees**
- **We the People**
